BEAR CREEK UNITED METHODIST CHURCH SCHOOL

16000 Rippling Water Drive, Houston, Texas 77084

PHONE: 281-463-2969 FAX: 832-427-4393 EMAIL: school@bcumcs.org WEBSITE: www.bcumcs.org

Bear Creek United Methodist Church School is looking for a Director to lead the school in our mission to serve children and their families in a loving Christian community where children grow in a joyful learning environment of discovery and experience.

The foundation of BCUMCS is built on the principles of Piaget and positive interaction. Our program provides opportunities for children to grow in knowledge through discovery, hands-on experience and exploration with all the senses.

A strong candidate for the position of Director will put the principles of Piaget into practice and promote a joyful learning environment based on discovery. They will support our school philosophy that allows each child to develop a positive self-concept and grow in their unique learning style, socially, emotionally, physically, intellectually, and spiritually.

This is a full-time position. All qualified applicants may email resumes, and inquires, to school@bcumcs.org; please submit resume by April 15, 2018.

MISSION STATEMENT

The mission of Bear Creek United Methodist Church School is to serve our children and families in a loving Christian community where children can grow in a joyful learning environment of discovery and experience.

SCHOOL PHILOSOPHY

The philosophy of Bear Creek United Methodist Church School incorporates Piagetian principles.

The curriculum is thoughtfully selected, skillfully presented, and carefully matched to the child's level. Understanding that children construct "systems of knowing", content is presented in different ways according to each child's stage of development.

A discovery approach to learning is offered and provides opportunities for observation and hands-on experiences. A child learns by doing – by exploring the environment using all the senses.

Realizing that each child has a unique learning style, the educational goal is to help them to develop at an optimal rate while nurturing a positive self-concept.
