

WE LOVE ALL GOD'S  
**CHILDREN**

## 2020 Charge Conference Report **INSTRUCTIONS**

- The Texas Annual Conference We Love All God's Children Initiative engages all children ages 0 through 11 years of age regardless of race, religion, ethnicity, gender, economic status or national origin. In addition to providing opportunities for discipleship, early literacy, and health to members and constituents, United Methodist congregations should be intentional in reaching beyond church walls to provide a foundation for faith and life success for children not currently served by existing church ministries, particularly the underserved and the unchurched.
- **"Underserved"** is defined in this context as those who face challenges due to disparities in opportunities for quality early childhood education, health services, mentoring programs, etc. due to economic, social, cultural, and/or religious status.
